April 6, 2020

Dear Fellow Residents:

This is a challenging and unprecedented time for our City, state and nation as we navigate this coronavirus pandemic.

During this week of April 6th, we know that some tough days are ahead. We continue to be at “crunch time” in fighting the spread of this virus. I am encouraged overall by our initial Stay At Home efforts to “flatten the curve” of Covid-19.

So, unless it’s for an essential item or physical activity, please continue to stay at home. That’s the best type of social distancing and it’s critically important. It will help yourself, your family, health care professionals and our community.

If you must go out for an essential item or for physical activity, please strictly practice the social distancing recommendations of our public health experts. You can find more information at the www.vcemergency.com and www.cityofcamarillo.org/covid19 websites.

Remember to help one another during this difficult time. I encourage you to reach out by phone or email to your friends and neighbors. Please be kind to one another.

And please continue to take care of yourself. We are resilient and we will persevere and get through this as a community, together.

Sincerely,

Tony Trembley
Mayor
