A MESSAGE FROM YOUR VENTURA COUNTY WATER PROVIDERS:

REST ASSURED, YOUR TAP WATER IS SAFE AND RELIABLE.

The Coronavirus (COVID-19) does not present a threat to our water supplies. Ventura County water providers continually monitor and test the quality of your water, and are committed to providing a safe supply.

You can be certain your drinking water remains safe, available, and plentiful.

If you have questions or concerns please contact your local water provider, or visit www.calleguas.com.
