Housing Resource Guide 2018

Camarillo has all aspects of a suburban rural community with a small-town quality. There is a variety of housing options, which include traditional single-family neighborhoods, town homes, cluster developments, apartments, mixed-use, and several large retirement communities, as well as homes in rural and country-club settings.

Ownership – Existing Affordable Housing (see map on pg. 6)

The resale restrictions of affordable homes within the subdivision listed below remain in place for 30-55 years, depending on the development. The City maintains an interested parties list for purchasing a “resale” home. **If and when a unit is available**, a copy of the list will be given to the seller. The seller may contact any person on the list or sell to any other income-qualified buyer. To be added to the list, call 805.388.5367. Affordable units must be owner-occupied and will be monitored by the City on an annual basis.

Housing Rehabilitation

There are limited funds available to rehabilitate homes in Camarillo. When available, they are in the form of low-interest loans and grants that are used to rehabilitate owner-occupied residences and mobile homes in Camarillo. The program uses Community Development Block Grant funds to improve the quality of life for low- and very low-income residents by assisting with property repairs and improvements to make their homes decent, safe, and sanitary.

The owner must qualify as either a low- or very low-income household. Most rehabilitation assistance is in the form of a low-interest loan. Grants are available to extremely low-income families, where it is demonstrated there is not the ability to repay the loan.
